Medicare: Medicare does not cover Acupuncture. If you have supplemental insurance, rarely but sometimes these plans do cover Acupuncture.

Aetna: We apologize but we are not able to verify benefits for Aetna patients at this time. If you have Aetna please call the member services number on the back of your insurance card and ask the following questions:

1. Do I have **out of network** Acupuncture benefits?
2. If yes, what is my out of network deductible, co-pay, co-insurance? Do I have a visit limit?
